

Bringing simplicity back to hybrid meetings

See more, hear more and work better with Bose and ClickShare Conference

Now that people are heading back to the office, it's time for IT teams to shift gears and prepare the workforce for the new hybrid reality. People have grown accustomed to quickly start their meeting from home. That's why Barco and Bose have partnered up to make the hybrid experience just as easy back in the office.

Barco research says:

90%
of employees prefer
a hybrid workplace

77%
think meeting rooms
should have video
conferencing tech

70%
prefer hosting video
calls from their laptop
(Bring Your Own
Meeting - BYOM)

78%
just want to walk into
the room, connect and
start working

Simpler hybrid meetings with Bose and ClickShare Conference

With Barco's ClickShare Conference and the Bose Videobar VB1, you can host meetings from your own laptop with premium audio and video quality. Bose Videobar VB1 is certified for use with Barco ClickShare Conference and offers easy, intuitive and clutter-free hybrid meetings.

- **Share** your views wirelessly with Button or App
- **Deploy** fast across your enterprise
- **Enjoy** premium audio & video
- **Start** your meeting in less than 7 seconds

BOSE

BARCO

Simple, easy, wireless

Barco partners with Bose to bring a premium, wireless conferencing solution in small to medium-sized meeting rooms.

Bose Videobar VB1

Bose Videobar VB1 offers an all-in-one solution that requires minimal setup and delivers premium audio and video performance.

Everyone can see and understand the presenter, whiteboard, flipchart, or other in-room objects — and feel more like they’re together in the same room.

- 6 beam-steering microphones to actively focus on voices and reject noise
- 4K Ultra-HD camera with auto-framing
- Signature Bose sound quality

ClickShare Conference wireless conferencing

With ClickShare Conference, you can simply walk in and wirelessly connect to the meeting room’s Bose Videobar VB1.

With only one click you host a video conference from your own device and with your preferred conferencing solution. You can share content and benefit from the AV setup in the room at the same time.

- Control your meeting content with the Button or App
- Meet in all security and privacy
- Easily manage your devices across the enterprise
